

New York June 17. 1853

Dear Doctor,

The bearer of this

is a son of Bishop Hopkins of Vermont.
He has a younger brother whom he
wishes to place in a situation where
he will get a good knowledge of
Chemistry;— I have taken the
liberty of recommending him to
you, and hope you will be
able to further his views —

Yours truly
James R. Chilton

To Dr John Torrey
Medical College
Crosby St.
